Overview of the Electoral Process

On Wednesday, April 18, 2001, the Thirty-Sixth Parliament of the Province of British Columbia was dissolved when the Honourable Garde B. Gardom, Lieutenant Governor of the Province of British Columbia, signed a dissolution proclamation. At the same time an order-in-council was issued to the Chief Electoral Officer, Robert A. Patterson, ordering that Writs of Election be issued to all 79 District Electoral Officers. Writs of Election were issued on that date ordering that a provincial general election be held on May 16, 2001.

To ensure eligible voters, political parties, candidates, and the media were informed, Elections BC updated the list of candidates daily on the Elections BC Web site.

Within 24 hours of the close of nominations, Elections BC produced a booklet entitled "List of Candidates" which listed the 456 candidates and their respective affiliations. Copies of the List of Candidates were distributed immediately across the Province to all District Electoral Officers and District Registrars of Voters, as well as posted on the Elections BC Web site. The list of candidates was available at all voting places during Advance Voting and General Voting Day.

Voter Registration

Elections BC strives to ensure eligible voters are educated on the electoral process. During 2000, Elections BC undertook many registration campaigns. These campaigns were very successful and generated thousands of updates to the Provincial Voters List as well as increasing public awareness.

During the provincial general election, general registration was available from Writ Day (April 18, 2001) to Day 7 (April 25, 2001). Registration closes on the seventh day after an election is called to allow for updating the Voters List and printing of Voting Books. General registration opens again on the second day after General Voting Day.

Number of registered voters on Writ Day (Day 0)	2,023,999
Number of registered voters at close of general registration period	2,074,079

Under Section 41 of the *Election Act*, voter registration and updating was available at all voting opportunities for qualified individuals who were not registered or who were no longer registered at the correct address. To register in conjunction with voting, applicants were required to present two pieces of identification that showed, in combination, their name, current address and signature.

There were 268,215 voter registration transactions done at the time of voting, resulting in 180,841 new registrations and 87,374 updates to the Voters List.

Number of registered voters as of General Voting Day (including Section 41 registration activity)	2,254,920

Voting

The *Election Act* provides British Columbians the most extensive voting opportunities of any Canadian jurisdiction. To inform eligible voters of the many voting opportunities available to them, Elections BC developed a comprehensive communications strategy. This included advertising in local newspapers, radio, television, and a householder. The householder was delivered to every household in the Province and included pertinent information such as registration qualifications and opportunities, voting opportunities, and our toll-free information line and Web site address. This strategy proved to be very successful as 1,599,765 voters, or 70.95% of registered voters, turned out to vote at the May 16 general election.

The number and percentages of voters using the various voting opportunities were:

Advance Voting	109,539	6.85%
General Voting	1,414,294	88.40%
Special Voting - Section 98	4,421	0.28%
Absentee Voting - Sections 99, 100, and 101	51,633	3.23%
Alternative Absentee Voting - Sections 104 and 106	19,878	1.24%
Total Number Voting	1,599,765	100.00%

The calculation of the total number of voters who voted does not include 5,404 ballot envelopes that were unopened because voters were not registered, affidavits were incomplete, or for other reasons as set out in Sections 134 and 135(1)(a) of the *Election Act*. This total is not included in electoral district calculations of voter turnout as some ballot envelopes cannot be attributed to a specific electoral district.

Results

Return Day for all Writs of Election was Thursday, June 7, 2001. The *Election Act* requires a delay of six days between the proclamation of the successful candidate at the conclusion of Final Count and the return of the Writ of Election. This delay allows time for an unsuccessful candidate or a voter to request a judicial recount. During the 2001 provincial general election, no judicial recounts were requested.

Pursuant to Section 136 of the *Election Act*, recounts were conducted by District Electoral Officers as part of Final Count in the electoral districts of Victoria-Beacon Hill and Victoria-Hillside.

On Return Day, the Chief Electoral Officer certified to the Clerk of the Legislative Assembly the election of 79 Members of the Legislative Assembly. The political affiliation of the elected members was:

British Columbia Liberal Party	77
New Democratic Party of B.C.	2
Total Members	79

Election Officials

A District Electoral Officer and Deputy District Electoral Officer are appointed for each electoral district by the Chief Electoral Officer.

A District Electoral Officer is responsible for the conduct of any electoral event in his or her respective electoral district. This includes provincial elections, by-elections, and provincial plebiscites, initiative votes and referenda. The responsibilities of the Deputy District Electoral Officer are similar to those of District Electoral Officers.

Appointments of District Electoral Officers and their Deputies expire six months after General Voting Day.

District Registrars of Voters (usually Government Agents) are responsible for supervising voter registration, and conducting enumerations and special registration events in their electoral districts.
